# Bringing life to rooms

RBM represents a Scandinavian state of mind expressed through design. Robust and vibrant furniture, with simple lines, inviting curves, supportive shapes and vivid colour stories. With a balance of warmth and functionality, our furniture offers Scandinavian style that endures and will bring life to rooms.

Our furniture epitomizes quality materials, longevity and beauty and when used together, you can create a vibrant, fresh and Scandinavian infused interior. RBM furniture enables you to create environments that encourage collaboration, learning, sharing, relaxation or play. Because at the end of the day, all that matters is an enriched daily life.

Location: Private house, Oslo

# Sociable

Colleagues, friends, partners. We love to connect to realise ideas and plans. We all value environments that enhance our sociable activities. Designed to bring people closer together, RBM furniture is perfect for canteens and meeting rooms. Clean, smooth lines suitable for the modern workplace as well as more traditional environments.

# Always with sustainability in mind

A low carbon footprint makes RBM Noor a true sustainable choice. It is resource efficient, using both low-impact recyclable and recycled materials. RBM Noor meets the strictest of indoor climate requirements and carries a GREENGUARD certificate.

# Colours

RBM colours bring life to any room.  
The new options give numerous combinations with our products and more freedom to find your expression.

"Together we worked with the palette from RBM's heritage and added a spark of fresh colours and materials. The overall effect is cohesive, sophisticated and contemporary."

# Designed for love at first sight

In 2013 RBM Noor was launched. A wide and versatile range of colourful chairs that easily combine for any purpose. With these chairs, RBM truly brings life to rooms.

The RBM Noor family is a result of an innovative design collaboration between the following designers: Form Us With Love (Sweden), StokkeAustad (Norway), Susanne Grønlund/Grønlund Design (Denmark) and the Flokk design team.

RBM Noor was rewarded with the design award "Red Dot; Best of the Best Award" in the product design category in 2013. In addition, RBM Noor won the Award for Design Excellence by the Norwegian Design Council in 2014 and was also nominated for the special Honours Award for Design Excellence.

# StokkeAustad

Designers Jonas Ravlo Stokke and Øystein Austad established their Oslo design studio in 2007 after both receiving a Master's degree in Industrial Design from the Oslo School of Architecture and Design in Norway. In addition to being part of the RBM Noor design team, they are responsible for designing among other things; their Cork Board, O3 Cabinets, Secrétaire writing station, the Ash Bowl, Rang Side table and StoneWood Bowl. Today they both work in the fields of industrial design, interiors and furniture design. Jonas Stokke runs an independent design studio under his own name and Øystein Austad is part of the internal Flokk design team.

# Form Us With Love

Form Us With Love, is a Swedish-based international design studio founded in 2005. They have a passion for design and believe that we all have a right to meaningful design.

In addition to be strongly involved with both the RBM Noor and later the RBM Noor Up they have many awardwinning design objects in their portfolio.

# Susanne Grønlund

After completing her training at "Danmarks Designskole", Susanne Grønlund set up her own studio 1991 and since then she has designed and developed a wide and rewarding range of products like: textiles, clothing, toys, lifestyle products, lamps, outdoor furniture and not least furniture.

A simple and easy to grasp design style is the common theme running through all her work, without a compromise on function and quality. Her red thread is the Scandinavian design tradition with a humorous contemporary touch which is all combined in a continuous row of innovative ideas and projects, like beads on a string.

# RBM Ana

RBM Ana is a popular chair filling assembly halls, canteens, meeting rooms and cafeterias with activity. RBM Ana is easy to position in rows and easy to stack and it has a simple and ergonomic design, available in a wide range of colours applicable for polypropylene shells as well as the steel tubular frames.

## RBM Low-back Bella

RBM Bella is a pure pleasure. A chair that can enliven any circumstance in any company, conference hall or canteen. Clean, smooth lines designed for the hip as well as the proper environments. The high, slightly curved back provides good ergonomic support.

RBM Low-back Bella is a further development of RBM Bella and has a lower back height than the classical RBM Bella, yet a generous, slim and open form with a strong appeal.

RBM Bella and RBM Low-back Bella are available in various colours of laminates, veneers and stained veneer.

# RBM Ballet

## RBM Ballet Medium

An inspiring chair following a timeless and modernist tradition. RBM Ballet makes a vivid impression on all environments. The chair is stable and comfortable. Works just as well around the meeting table as in the class room or conference room. Either with a 4 leg base, or as a functional chair with 5 star foot base in PA or polished aluminium. RBM Ballet is easy to stack and may also be linked together. Moulded coloured plastic shell, with or without seat padding. Armrests are available on the 4 leg model.

RBM Ballet Medium with a smaller shell is available for the 5 star foot base.

# RBM Ultima

RBM Ultima is the ultimate fold-away table. Its versatile design is elegant and projects a unique charm that enhances the interior of all types of environments – from conference halls to meeting rooms and beyond. RBM Ultima offers a variety of table shapes and sizes and a choice of different frame and table top colours. This stable, yet multifunctional table is easy to collapse, and when stacked takes up very little space. It's easy to transport too, via a trolley.

Design by Blum & Balle

# Blum & Balle

Blum & Balle are industrial designers educated at the Danish Design School. Rune Balle Olesen is also a qualified silversmith from Georg Jensen. Since 1996 Henrik and Rune have run the design company Blum & Balle. Their work methods are characterised by teamwork comprising several experts, such as technical specialists. At the same time they also find room for workplace specialists and information psychologists.

Blum & Balle have designed the RBM Ultima folding table, the RBM Cameo canteen chair and the 600 and 1200 work chair series for RBM. All of these pieces of furniture are excellent examples of how form and function may be united.
